

SPECIALIZED HEALTH CARE SERVICES

SPECIALIZED PHYSICAL HEALTH CARE PROCEDURES

Student moves in with Specialized Physical Health Care Services on IEP

OR

Student already in system and determined to need Specialized Physical Health Care Services

1. IEP meeting to initiate interim placement
2. Parent completes and signs request for Specialized Health Care Services (SELPA form 7.6)
3. If necessary, the IEP team changes placement to home teaching (30 day home teaching time line begins)

Next steps:

1. Nurse completes interview
2. Nurse sends protocol for procedure and authorization to physician (SELPA forms 7.7 and 12.3.a).

See reference: *Children and Youth Assisted by Medical Technology in Educational Settings* and/or *Guidelines and Procedures for Meeting the Specialized Physical Health Care Needs of Pupils* (green book)

Physician instructions/authorization received by nurse.

Nurse reviews information from physician (SELPA form 12.3.a.) and completes SELPA form 12.3.b.

1. IEP meeting-team determines child-specific procedures to be included in IEP (SELPA forms 6.6.a & 12.3.b).
2. Copies of SELPA forms given to parent, nurse, general education teacher, special education teacher, case manager, and health care provider.

Next steps:

1. Training for staff begins
2. Training documented
